Subject: Microsoft Settlement

ATTENTION: JUDGE COLLEEN KOLLAR-KOTELLY

Please settle the lawsuit between Microsoft Corp and the government as soon as possible. I believe it would benefit the consumer and the economy. As a tax payor, I feel that the government has wasted a lot of money on a lawsuit that should of been settled long ago. Let's do something productive with our tax money.

I'm self-employed and have been using computers since the early 80's. Computer programs were very difficult to master. Microsoft created software that has improved my productivity and my life.

I urge you to help settle the lawsuit. Thank you for listening.

Sincerely,
Bill & Hanneli Turner
